Aims of the Conference

BIOINFO 2005 is a joint conference of InCoB, AASBi, and KSBI. International Conference on Bioinformatics (InCoB) will have its fourth conference following InCoB 2002 at Bangkok, Thailand, InCoB 2003 at Penang, Malaysia and InCoB 2004 at Auckland, New Zealand. Association of Asian Societies for Bioinformatics (AASBi) will also have its third symposium following AASBi 2003 at Yokohama, Japan and AASBi 2004 at Seoul, Korea. Korean Society for Bioinformatics (KSBI) is pleased to host these two exciting events together with its own fourth annual conference in one of the representative Korean resort areas.

BIOINFO 2005 will bring together scientists and practitioners from a wide range of disciplines, including molecular biology, medicine, computer science, mathematics and statistics. Papers that demonstrate both the development of new computational techniques and their application to biomedical questions are especially encouraged.

Areas of Interest

We are soliciting original research papers including significant works-in-progress in any aspect of bioinformatics including the following areas, not limited to:

- Sequence Analysis
- Evolution and Phylogeny
- Genomics
- Transcriptomics
- Proteomics
- Pathways
- Networks and Systems Biology
- Structural Bioinformatics
- Neuroinformatics
- Bio-Ontologies
- Biomedical Text Mining
- Biological Data Modeling and Integration
- LIMS and Other Tools To Support Experimental Biology
- Applications of Bioinformatics to Biomedicine
- Agriculture and Drug Discovery
- Medical Informatics

Paper Submission Guidelines

Authors are invited to submit the title, author(s), e-mail address of the contact author, and abstract of the paper to the following URL http://www.ksbi.org/bioinfo2005 by April 8, 2005. All papers must be submitted electronically in PDF format. Each paper should consist of a cover page with title, authors’ names, postal and e-mail addresses, an approximately 100 word summary and a body not longer than 6 single-spaced/double-columned pages with font size 10 points. Inquiries should be directed to Publicity Chair (dwkim@biosoft.kaist.ac.kr). Detailed submission instructions will be made available at the same URL.

Important Dates

April 8, 2005: Paper Submission Due
June 22, 2005: Notification of Paper Accept/Reject
June 30, 2005: Poster Abstract Submission
July 22, 2005: Notification of Poster Accept/Reject
July 22, 2005: Camera-Ready Copies Due

Organizing Committee

General Chair:
Kwang-Hyung Lee, KAIST, Korea

International Advisory Committee:
Allen Rodrigo, Univ. of Auckland, New Zealand
Hong Gil Nam, POSTECH, Korea
Nor Muhammad Mahadi, Univ. Kebangsaan, Malaysia
Prasit Palittapongarnpim, Mahidol Univ., Thailand
Sang Yup Lee, KAIST, Korea
Santosh Mishra, Bioinformatics Inst., Singapore
Satoru Miyano, Univ. of Tokyo, Japan

Organizing Chairs:
Cheolmin Kim, Pusan Nat’l Univ., Korea
Tin Wee Tan, Nat’l Univ. of Singapore, Singapore

Program Chairs:
Dohheon Lee, KAIST, Korea
Limsoon Wong, Inst. for Infocomm Research, Singapore
Sangsoo Kim, KRIIB, Korea

Publicity Chair:
Dae-Won Kim, KAIST, Korea

Invited Lecture Chair:
Dongsup Kim, KAIST, Korea

Finance Chair:
Soon-Chan Hong, KISTI, Korea

International Relation Chair:
Yong-Kwan Won, Chonnam Nat’l Univ., Korea

Regional Chairs:
Australia:
Shoba Ranganathan, Macquarie Univ., Australia
China:
Frank Liu, Tsinghua Univ., China
Hong Kong:
Lusheng Wang, City Univ. of Hong Kong, China
Japan:
Tatsuya Akutsu, Kyoto Univ., Japan
Korea:
Sang-Hyuk Lee, Ewha Woman’s Univ., Korea
Malaysia:
Rahmah Mohamed, Univ. Kebangsaan, Malaysia
New Zealand:
Leonard N. Bloksberg, Bloksberg Info. Tech., New Zealand

2nd CALL FOR PAPERS

BIOINFO 2005

2005 International Joint Conference of InCoB, AASBi and KSBI

InCoB: International Conference on Bioinformatics
AASBi: Symposium of Association of Asian Societies for Bioinformatics
KSBI: Annual Conference of the Korean Society for Bioinformatics

September 22-24, 2005, Busan, Korea
http://www.ksbi.org/bioinfo2005
Singapore:
See-Kiong Ng, Inst. for Infocomm Research, Singapore

Taiwan:
I-Shou Chang, Nat’l Health Research Inst., Taiwan

Thailand:
Sakarindr Bhumiratana, NATDA, Thailand

Program Committee
Amir Feisal Merican, Malaysia
Byung-Tak Zhang, Seoul Nat’l Univ., Korea
Chang No Yoon, KIST, Korea
Chao Agnes Hsiung, Nat’l Health Research Inst., Taiwan
David Bainbridge, Waikato Univ., New Zealand
Dong Soo Han, ICU, Korea
Habibah A. Wahab, Universiti Sains Malaysia, Malaysia
Hideo Matsuda, Osaka Univ., Japan
Hing-Fung Ting, The Univ. of Hong Kong, Hong Kong
Hyun Seok Park, Macrogen, Korea
Jagath C. Rajapakse, Nanyang Technological Univ., Singapore
Jang-Ho Hahn, NIAB, Korea
Jingchu Luo, Peking Univ., China
Jeerayut Chaijaruwanch, CMU, Thailand
Ju Han Kim, Seoul Nat’l Univ., Korea
Kanta Nakai, The Univ. of Tokyo, Japan
Ken Sung, Nat’l Univ. of Singapore, Singapore
Kiew-Lian Wan, Universiti Kebangsan Malaysia, Malaysia
Ming-Jing Hwang, Academia Sinica, Taiwan
Murray Grigor, New Zealand
Pawan Dhar, Bioinformatics Inst., Singapore
Peter Hunter, Auckland Univ., New Zealand
Ping-Chiang Lyu, Nat’l Tsing Hua Univ., Taiwan
S. M. Yiu, The Univ. of Hong Kong, Hong Kong
Supapon Cheevadhanarak, KMUTT, Thailand
Yang-Suk Kim, ISTECH, Korea
Yasubumi Sakakibara, Keio Univ., Japan
Yunping Zhu, Beijing Inst. of Radiation Medicine, China
Zuhong Lu, Southeastern Univ., China

Publication
Selected papers in BIOINFO 2005 will be published in a special issue of Journal of Bioinformatics and Computational Biology (JBCB) by Imperial College Press. All the accepted papers and poster abstracts will be published by BIOINFO 2005 proceedings and distributed on the conference site.

Conference Venue
BIOINFO 2005 will be held in Busan, Korea on September 22-24, 2005 at Busan Exhibition & Convention Center (BEXCO).

Busan is the second largest city in Korea. As a major port city, there is a myriad of sea routes offering gateways to Japan and to the rest of the world. Busan also boasts ocean at the south. Its landscape includes a coastline with find beaches, scenic islets and tall mountains. The Busan International Film Festival is held annually and attracts movie buffs enthusiasts from all over the world.

BEXCO is modeled after a seagull soaring to the east-south Pacific Ocean, combined with a cruise ship. BEXCO has already proved its ability to successfully convene important international events with 2002 FIFA World Cup final drawing and the 2002 Busan Asian Games. Moreover, it has finally been selected as the venue for the 2005 APEC summit, a gala event that will host representatives from 21 Asia-Pacific countries to discuss regional peace and co-prosperity.

Organized By
Association of Asian Societies for Bioinformatics (AASBi)

Asia Pacific Bioinformatics Network (APBioNet)

Korean Society for Bioinformatics (KSBI)
